Silver/Black

16MP Live MOS sensor with no Low Pass Filter for highly detailed images and improved moiré suppression.

Record 4K 24/25/30p video. Also records high frame rate Full HD 50/60p video.

Capture 4K Burst photos at 30fps. 4K Pre-burst captures 30 frames before and after pressing the shutter. **NEW** 4K Burst wide-angle mode makes it even easier to take amazing group selfies.

Choose & refine your focus point after you take the shot, and use Focus Stacking to get everything in focus.

1.04 million dot high resolution 3-inch LCD touch screen with 180° tilt for taking selfies. Face Shutter or Buddy mode lets you take a photo hands-free. Panorama mode lets you shoot panoramic selfies.

Incredibly fast and accurate autofocus in as little as 0.07sec using DFD technology.

Easy 1 Step Wi-Fi connection to Panasonic Image app:

- Photo Collage
- Jump Snap mode
- Remotely shoot & view photos
- Easy upload, Tethering, Geotagging, Wireless TV/Print
